Adsy Pricing

Knowledge Base • Effective Date: August 13, 2026

Pricing Approach

Pricing depends on scope, complexity, technology, integrations, design requirements, timeline, security requirements, and support requirements.

General Indicative Pricing

Starter website: ■25,000–■60,000.

Business web application: ■60,000–■2,00,000+.

Custom AI/automation solution: ■75,000–■3,00,000+.

Mobile application: ■1,00,000–■4,00,000+.

Cloud implementation: ■30,000–■1,50,000+.

UI/UX design: ■20,000–■1,00,000+.

Web Development Pricing

Starter website: ■25,000–■60,000.

Business website: ■50,000–■1,20,000.

Custom web application: ■1,00,000–■3,00,000+.

E-commerce: ■80,000–■3,50,000+.

Maintenance Plans

Basic: ■5,000/month — routine updates, minor fixes, basic monitoring, and limited support.

Standard: ■12,000/month — broader monitoring, backups, minor enhancements, and priority support.

Premium: ■25,000/month — broader monitoring, security checks, priority support, maintenance, and defined enhancement allowance.

Additional Costs

Hosting, domains, paid APIs, premium plugins, third-party subscriptions, taxes, external vendor charges, complex integrations, advanced security, and urgent delivery may increase the total cost.

Quotation

Final pricing should be confirmed after scope and requirements are reviewed.
